Crafted by Passion. Powered by People.

At Gem Africa Designs, every piece we create tells a story—of skill, heart, and purpose. Our team of 23 talented artisans brings unmatched dedication to the furniture and interior designs we produce.

Their passion is the soul of our work. We've built more than a workshop—we've built a community. One that thrives on creativity, collaboration, and a shared vision for impact.

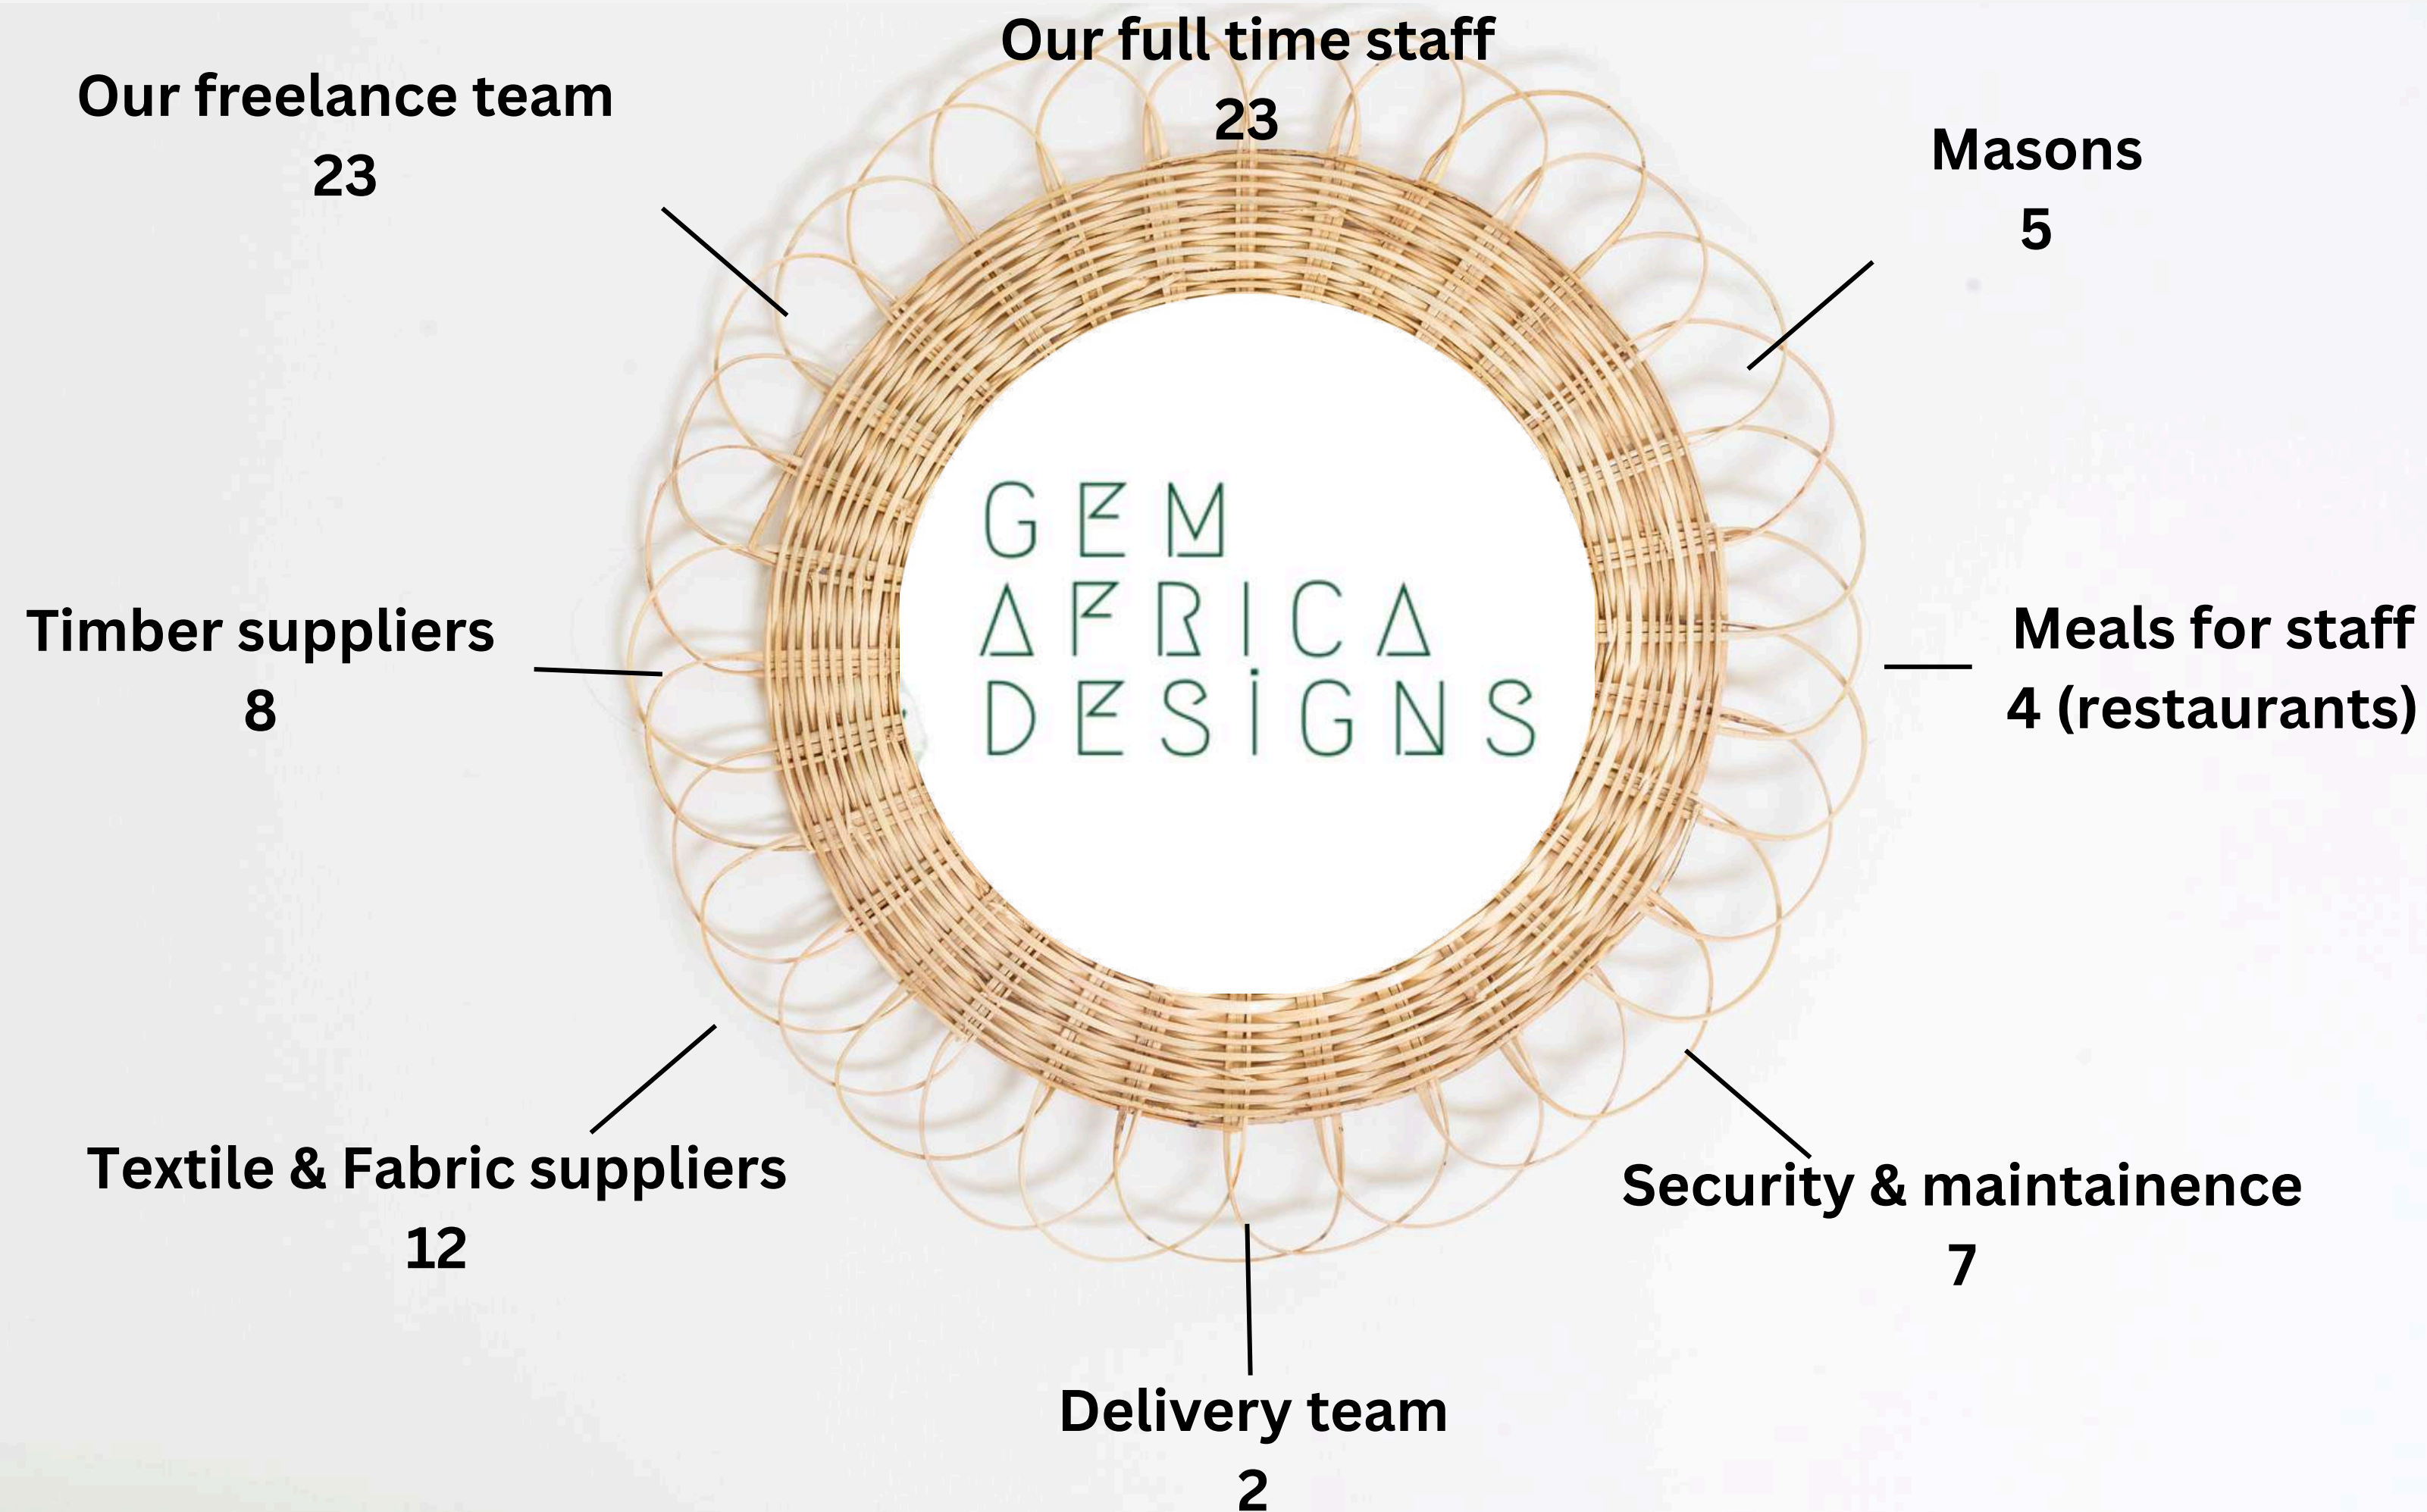

We proudly offer training and employment opportunities to youth, women, the elderly, and reformed poachers, helping them turn potential into craftsmanship and purpose into livelihood.

What sets us apart is not just what we make, but who makes it. When you choose Gem Africa Designs, you're not just buying a product—you're investing in a story, a journey, and the people who bring it all to life.

IMPACT ECO-SYSTEM

Every purchase or contract with Gem Africa Designs directly sustains the livelihoods of 84 individuals, many of whom operate at the grassroots of Uganda's economy. Each of these individuals, in turn, supports at least four others—meaning that over 330 Ugandans benefit from every order you place.

COMPOSITION

1. Tropical Canopy – Floor Lampshade

Inspired by the vibrant foliage of African rainforests, the Tropical Canopy lampshade features bold botanical prints that bring nature indoors. Its warm, ambient glow and sturdy tripod base create a cozy, grounded atmosphere, making it a stunning focal piece in any space.

2. Savanna Weave – Handwoven Mat

Woven with precision and patience, the Savanna Weave mat mirrors the earthy tones and resilient spirit of Africa's grasslands. Its textured finish and muted palette make it both a grounding element and a tactile luxury underfoot.

3. Dune Drift – Slatted Laundry Cabinet

The Dune Drift closet boasts a clean, breezy aesthetic inspired by wind-shaped desert dunes. Its slatted design allows for natural ventilation while maintaining a minimalist, resort-style charm.

4. Raffia Grove – Woven Headboard Wall Panel

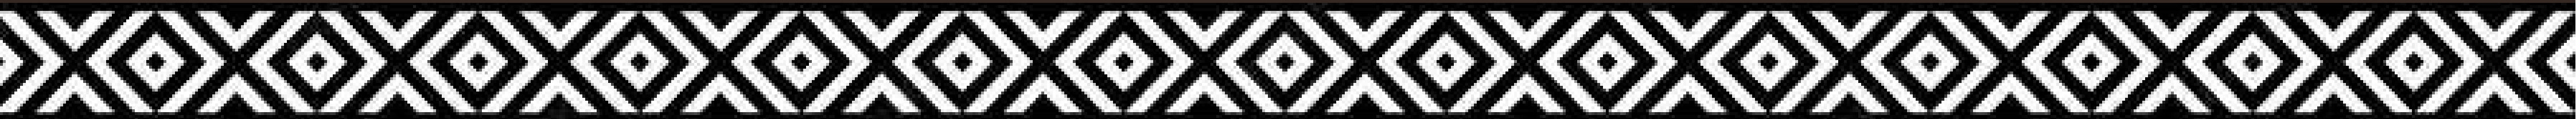

Drawing from the organic patterns of raffia palm fibers, Raffia Grove adds texture, depth, and warmth to any bedroom. Its natural finish and wooden framing turn the bed into a statement centerpiece.

5. Emerald Fern – Bed Runners & Cushions

With swirling green motifs inspired by forest ferns, Emerald Fern adds a luxurious touch to crisp white bedding. It introduces color and contrast without overpowering the serene atmosphere.

6. Moonstone Glow – Overhead Light Fixture

Simple and serene, Moonstone Glow casts a gentle illumination reminiscent of moonlight over still water. Its glass dome softens brightness, creating a calming ambiance ideal for rest and relaxation.

FREQUENTLY ASKED QUESTIONS

Q What's your business model?

At Gem Africa Designs, everything we create is made to order. We don't keep a stockpile of furniture—instead, each piece is crafted once your order is confirmed. This allows you to select the fabrics and finishes you love, ensures minimal waste, and gives you a one-of-a-kind design that reflects your space and style.

Q How does the design and consultation process work?

A: It all begins with understanding your needs. Once you get in touch, we schedule a consultation—either in person or virtually. We'll discuss your style preferences, space functionality, and vision. From there, we develop a tailored concept that includes mood boards, layout ideas, material suggestions, and, if needed, 3D renders to help you visualize your space.

Q Can you help with space planning or interior styling?

Absolutely. Our team doesn't just make furniture—we help bring entire spaces to life. We offer space planning, styling advice, and full room concepts that guide you on how to blend our pieces with lighting, textures, and decor for maximum impact.

Q

How do you scope and price a project?

Once we understand your vision, we provide a detailed scope of work and corresponding quotation. This includes a breakdown of costs for custom furniture, accessories, design services, and estimated timelines. If you have a budget in mind, we're happy to propose options that work within it without compromising on style or quality.

A

Q

What are your payment terms?

Once you've chosen your furniture, we ask for a 50% non-refundable deposit to get started. This secures your place in our production queue. You can take up to one week after paying the deposit to finalize your fabric selections. The remaining balance is due once your order is ready for delivery. For larger or complex orders, we may request up to 70% upfront.

A

Q

How long does production take?

Most orders are ready within 5 to 6 weeks from the deposit date. However, this can vary depending on the size and complexity of your order. We'll confirm the expected timeline when you place the order.

A

Q

How does the ordering and delivery process work?

After design approval and deposit, production begins. Once your order is complete and the final balance is cleared, we arrange for delivery. We offer delivery and installation services to ensure your pieces arrive safely and are set up correctly in your space.

A

Q

Do you sell ready-made pieces?

While our main focus is custom-made furniture, we occasionally have ready-made items available. Follow us on social media to be the first to know when these become available.

A

Q

Are your prices VAT inclusive?

Yes, all prices include VAT where applicable.

A

Q

Do you offer after-sales support?

Definitely. We're committed to your satisfaction even after delivery. If anything isn't right, just reach out—we'll make it right. We also provide care tips to help your pieces look beautiful for years to come.

A

Q

Do you ship outside Uganda?

Yes! We're proud to serve clients across East Africa and beyond. Shipping rates and timelines vary depending on the destination.
